

## The Bible Weekly Dispatch

November 26, 2018

Volume 4, Issue 14

### **Dear Parents,**

I hope everyone had a wonderful Thanksgiving break and was able to enjoy their time surrounded by family and friends. I don't know about you, but for me the holidays always seem to fly by. I can't believe Christmas is just around the corner!

Remember to mark your calendars for December 4th and December 14th. These are the dates for the K-3 Christmas Program (12/4/18) and Baby Shower for Jesus (12/14/18). Kids can start bringing in their items now for the Baby Shower if they would like. Thank you for all of your help in making this service project so successful!

Also, while I know I give kids time to work on Alek's at schools (twice a week in the lab), I would like to encourage students to continue to work on it at home. Alek's is important because it helps students prepare for the state assessments coming up in a few months! Many of you have also asked about Quicktables. As far as quicktables go, kids should really be finishing up subtraction and be starting on multiplication if they haven't already. Many kids are at this point, but some are still working on addition. It is important kids learn their facts as best they can before 4th grade as this will help them with division.

That's it for now.

Thank you and have a great week! Carolyn Bible
